Dear Joy:

As promised Jim and I drove your area yesterday and viewed the impact on your parking due to the LGBT Construction Project. From what we could see there are the following restrictions in place:

McCadden Place between Santa Monica and Lexington

East Side - currently posted

Tow-Away Temporary No Parking Anytime

No Parking Tuesday 10am - 1pm - Street Cleaning

1 Hour parking 8am to 7pm, except Sundays

Note: it appears that no parking meter head have been removed but it hard to tell due to the construction vehicles

West Side - currently posted

No Parking Monday 10am - 1pm Street Cleaning

2 Hour parking 8am - 7pm, except Sundays

Note: it appears that no parking meter heads have been removed. I do know that further down the street towards Santa Monica there were two parking meter heads removed for Occidental - equipment - now its a loading zone

Lexington North Side

There are some parking spaces available towards Highland

Most north side parking spaces are in a Preferential Parking District - so no public parking available

Lexington South Side

Parking is open

No Parking either Monday or Tuesday 10am - 1pm - Street Cleaning

Lots of available parking with no time restriction

Can you further explain which parking spaces you are interested in acquiring for your clients? Do you want to be able to park on the east side of the street during non construction hours (after 5pm and on weekends). Please let me know so that I can further assist you.

Thank you

Lisa Schechter
